TESTIMONY !

I was born and bred in Haute-Savoie, but even after all these years I still adore the department's exceptional natural environment. As a mid-altitude mountainous region, Haute Savoie is a dynamic, lively, and friendly setting — ideal for adventurous athletes. But it also reserves a special welcome for families. I've travelled extensively, but I never get tired of going back and re-discovering the eternal panoramic views of Mont Blanc with its everlasting snows. I am constantly amazed: every season Haute Savoie reinvents itself to create new breathtaking landscapes.
